Foreign Markets Heavy.

Foreign trading here to-day was, how- Western Union... ever, limited to a few small transactions. Practically the only development of interest in the day was further weakne in the grain markets, due to the wie prevalence of highly favorable weath throughout the wheat and corn growing sections. It is admitted in the grain trace that whatever damage has been done ! the wet weather to the crops in the We thus far is of a sort that can be whol repaired by a few weeks' sunshine as by like favorable conditions, and the seems to be every indication that the conditions are now at hand.

Forecasts of to-morrow's bank return were again for a large increase in the quantity of bank cash, reaching in son Instances as high as \$13,000,000. The were no changes whatever to-day
